About us

The resident community of Heartland Farm is committed to a strong Care of Earth ethic. This is expressed through choices both personal and communal which respect the health of the planet. The farmstead complex includes a guest house for individuals or small groups, homes for the resident community, a 100-year old barn, office space, a massage studio, gift shop and spaces for our alpacas and chickens. A straw bale arts studio includes a pottery and fiber arts space and a more remote straw bale hermitage offers off-the-grid solitude.

How to find us: Though we have a Pawnee Rock address, we are really located in Rush Co. **From Great Bend:** Take 10th Street west from Patton Rd. (4-way stop) which becomes Barton Co. Rd west for 13 miles. When it enters Rush Co. it is a gravel road. Continue to the first crossroad, CR 390, turn left (south), go 1/2 mile to our mailbox on the Right, turning right on our driveway. Please check our website or call or e-mail for directions for other locations.

FiberSpace2017 for you

This program is for all levels—beginners to advanced. Come and learn another fiber art or just get started. This year we will offer all of the fiber skills at both sessions: knitting & crocheting, spinning

and weaving—
you choose one.

Enjoy 1:1 instruction as well as the camaraderie of other fiber folks.

You may come for one or both monthly sessions, and either continue with the same skill or learn another. This can be a great opportunity for mothers and daughters—and men are welcome too. After these two sessions, some may want to continue a monthly get-together at the Farm.

Bring a friend and make it a weekend get-away! Call or e-mail ahead to reserve.

We will have our own alpaca fleece and yarn available for sale if you choose,
